# MESSAGE FROM THE DIRECTOR

Dear Families,

Happy Spring! Classes will begin planting flowers in our flowerbeds around school during the month of April! Planting a garden, watering, and watching plants grow gives children a sense of purpose and responsibility. So many things are learned through this process!

Our 4's had their egg drop on April 2nd and it was so much fun! The children love to ask me "how are you going to get on the roof?".

Ms. Jan, Ms. Tami, and our students have been busy preparing for our Art & Movement shows. The schedule is in this month's newsletter. These programs are always the highlight of the year!

Several events will be coming up as our school year comes to an end. The APA will be organizing our Teacher Appreciation week and Skating into Summer event at Skate World.

Advent Day School has the most wonderful families! If you have any questions or concerns my door is always open.

Love,

*Ms. Katie*
